Federal Supply Service

Authorized Federal Supply Schedule Price List

On-line access to contract ordering information, terms and conditions, up-to-date pricing, and the option to create an electronic delivery order are available through GSA Advantage!, a menu-driven database system.

The INTERNET address for GSA Advantage! is: <https://www.gsaadvantage.gov>.

Multiple Award Schedule

FSC GROUP: Professional Services

CONTRACT #47QTCA19D00K4

For more information on ordering from Federal Supply Schedules, click on the FSS Schedules button at fss.gsa.gov.

Contractor:	ROGUETHINK INC 7752 Lions Gate Court Falls Church, VA 22043
Telephone:	(610) 209-0465
Web Site:	http://roguethink.com
Contact:	Mr. Jojo John, President Jojo.john@roguethink.com
Contract Period:	08/29/2019 – 08/28/2024
Business Size:	SB

Pricelist current as of Modification PS-0006 effective March 15th 2021

CUSTOMER INFORMATION

1a. Table of awarded special item number(s) with appropriate cross-reference to item descriptions and awarded price(s).

SINs	SIN Title
518210C	Cloud and Cloud-Related IT Professional Services
54151S	Information Technology Professional Services
OLM	Order-Level Materials

1b. Identification of the lowest priced model number and lowest unit price for that model for each special item number awarded in the contract. This price is the Government price based on a unit of one, exclusive of any quantity/dollar volume, prompt payment, or any other concession affecting price. Those contracts that have unit prices based on the geographic location of the customer, should show the range of the lowest price, and cite the areas to which the prices apply.

Service Contract Labor Standards: The Service Contract Labor Standards (SCLS), formerly known as the Service Contract Act (SCA), is applicable to this contract as it applies to the entire Multiple Award Schedule (MAS) and all services provided. While no specific labor categories have been identified as being subject to SCLS/SCA due to exemptions for professional employees (FAR 22.1101, 22.1102 and 29 CFR 541.300), this contract still maintains the provisions and protections for SCLS/SCA eligible labor categories. If and / or when the contractor adds SCLS/SCA labor categories to the contract through the modification process, the contractor must inform the Contracting Officer and establish a SCLS/SCA matrix identifying the GSA labor category

ROGUE THINK, INC.

Think | Disrupt | Innovate

titles, the occupational code, SCLS/SCA labor category titles and the applicable WD number. Failure to do so may result in cancellation of the contract.

1c. If the Contractor is proposing hourly rates, a description of all corresponding commercial job titles, experience, functional responsibility and education for those types of employees or subcontractors who will perform services shall be provided. If hourly rates are not applicable, indicate "Not applicable" for this item.

LABOR CATEGORY DESCRIPTIONS

Commercial Job Title:	Software Engineer - Junior
Minimum/General Experience:	1 Year of related Technical Experience
Functional Responsibility:	Plans, designs, and implements various technology products, or enhance computer programs. This individual applies knowledge of software and programming to develop and test computer systems and produce the necessary outcome for clients. The Software Engineer may draft technical white papers to better understand the technology behind them, and to provide instructions that help the client better understand the nature and applications of a specific product. Works under general supervision of more senior personnel.
Minimum Education:	Bachelors Degree in Computer Science, Information Systems, Business or equivalent field

Commercial Job Title:	Software Engineer - Mid
Minimum/General Experience:	5 Years of related Technical Experience
Functional Responsibility:	Plans, designs, and implements various technology products, or enhance computer programs. This individual applies knowledge of software and programming to develop and test computer systems and produce the necessary outcome for clients. The Software Engineer may draft technical white papers to better understand the technology behind them, and to provide instructions that help the client better understand the nature and applications of a specific product. Can complete tasks of intermediate complexity alone, and may only require supervision provided by more experienced personnel for more complex problems.
Minimum Education:	Bachelors Degree in Computer Science, Information Systems, Business or equivalent field
